

Sailingpass Regatta 2024 ed.V.

Flash interview with Jalapeno Sailing Team 

Skipper: Balázs Zsolt

Reporter SP: In last editions your team was a point of calm, are you still following this strategy, or are you looking to change your feelings?

Skipper: **"The journey, not the destination matters..." is currently our team's motto as we are in the midst of selection. Certainly, balance will always describe us, but observing our journey from last year, expectations are starting to rise, and balance for us will mean results! "Peppers but hot" – that's how we define our essence.**

Reporter SP: Your crew will be the same or are you planning some changes?

Skipper: **Only half of last year's team continues to the next competition. We'll have 2 new members, beginners, and we are currently seeking 2 more experienced members.**

Reporter SP: How did you prepare the upcoming regatta?

Skipper: **We currently do not plan to have on-water training before the regatta, but we organize online sessions and meetings to strengthen the team. Three members of the team will join the completion of a yachting course and obtain a yachting license, which will undoubtedly enhance our team!**

Reporter SP: In 4 editions the Sailing Pass Regatta has had 4 winners, what do you think who will be in the 5th edition?

Skipper: **Listen up, shipmates – the past four Sailingpass Regattas witnessed four different victors.**

We're on a mission to keep the seas lively and unpredictable. Bank on us to seize the helm, showcasing our maritime mettle and contributing to the diverse tapestry of this maritime spectacle.
